

About Us

Thank you for your interest in Matt the Tree Fella.

We are a very friendly medium sized and professional tree company dedicated to delivering outstanding service to our clients and maintaining the highest possible safety standards for your and our protection.

We have been operating since January 2000 and are proud to have an exceptional safety record. At the beginning of each job the crew assesses the site and fills out a Hazard Assessment / Work Method Statement and proceeds from there.

At the end of each job great care is taken to leave the site tidy and clean. We are so confident about our work and so passionate about delivering the best service money can buy that we guarantee our work like nobody else:

You only pay us when both you AND your neighbour are satisfied with our job.

This means for you that it is up to us to put a smile on your neighbours face in the very unlikely event of an incident.
